

To Whom It May Concern:

This is my statement of endorsement of Sue Everhart for State Chairman of the Georgia Republican Party. Having first hand knowledge of working with four State Party Chairmen, I know that Sue has the experience and skills to effectively lead our Georgia Republican Party. Sue gained her experience the old fashion way; she earned it with decades of hard work and dedication to the Georgia Republican Party.

Sue Everhart knows grassroots, because she has lived it. On my refrigerator door, I have a snapshot of Sue stamping mail in the volunteer center for U.S. Senator Paul Coverdell's re-election. I remember her receiving Georgia's Republican Volunteer of the Year. It seemed that every time the State Party needed grassroots help, Sue was always there with a can-do attitude. Sue knows grassroots are critical to recruiting quality candidates and winning elections.

Sue Everhart knows how to raise money. I have seen her raise big bucks as 6th District Chairman and State 1st Vice Chairman. She is not bashful about asking people to contribute to a good cause and understands the importance of fundraising to be competitive at the ballot box.

Sue Everhart knows how to do the job of Chairman of the Georgia Republican Party. I encourage you to learn more about this remarkable woman. When you do, I think you will agree with me that Sue Everhart is going to be a great Chairman for our Georgia Republican Party.

Sincerely,

A handwritten signature in black ink that reads "Bob". The letters are stylized and cursive.

Bob Mayzes
Treasurer of the Georgia Republican Party
